Hi Mike,

We also received this inquiry from Metal Miner below. Could you draft responses to them that we can send? Here's more info about Metal Miner (I hadn't heard of them): **MetalMiner** – a digital multimedia resource for metal-buying organizations – identifies metal market trends and price direction

Thanks,  
Rachel

Hi Rachel,

What exactly does the timeline look like for the design and implementation of the remedy, per today's release?  
And is EPA using the services of any private/third party firms to complete this cleanup plan?

Thank you,

Taras
